Summary

The JZD150SOMN10 LCD module kit is a BOE 15.0-inch TFT Liquid Crystal Display with a sophisticated drive board. It is designed to operate in 1024x768 XGA mode, making it suitable for a variety of applications. It is widely used in advertising machines, interactive all-in-one machines, signage displays, transportation, finance, industrial control, and other intelligent control fields.

This LCD module kit is characterized by its high-quality display, which provides clear visuals essential for effective communication in various applications. The inclusion of a drive board simplifies installation and integration into existing systems, making it an efficient choice for developers and engineers.

In summary, the JZD150SOMN10 LCD module kit stands out as a robust solution for businesses looking to implement advanced display technology in their products, catering to a wide range of industries with its adaptability and performance.

Package Contents

- 1 X 15" TFT LCD Display
- 1 X Drive Board
- 1 X OSD Keyboard
- 1 X OSD Cable
- 1 X Backlight Cable
- 1 X LVDS Cable

Main Features

Item	Specification
Display Brand	BOE
Display Type	TFT LCD
FG-code	DV150X0M-N10
interface	LVDS
Display Area	304.128(H)*228.096(V) mm
Resolution	XGA(1024*768)
Outline Dimension	326.5(H)*253.5(V)*9.7(D) mm
Mode	Normally Black
Contrast ratio	1000:1
Support Color	16.7M
Color Depth	8bit
Brightness	350nit
Viewing Angle	89/89/89/89
Operating Temperature	-20~70℃
LED Lifetime	50Kh
Input Power Adapter	12V, 2A
