## **SIEMENS**

Data sheet US2:14DUD32AC

Non-reversing motor starter Size 1 Three phase full voltage Solid-state overload relay OLRelay amp range 5.5-22A 220-240/440-480VAC 60HZ coil Combination type No enclosure

| product brand name  | Class 14                                 |
|---|--|
| design of the product   | Full-voltage non-reversing motor starter |
| special product feature   | ESP200 overload relay; Dual voltage coil |
| General technical data  |  |
| weight [lb]   | 3 lb                                     |
| Height x Width x Depth [in]   | 7.44 × 5.75 × 3.75 in                    |
| touch protection against electrical shock                               | Not finger-safe                          |
| installation altitude [ft] at height above sea level maximum            | 6560 ft                                  |
| ambient temperature [°F]  |  |
| during storage  | -22 +149 °F                              |
| during operation  | -4 +104 °F                               |
| ambient temperature   |  |
| during storage  | -30 +65 °C                               |
| during operation  | -20 +40 °C                               |
| country of origin   | Mexico                                   |
| Horsepower ratings  |  |
| yielded mechanical performance [hp] for 3-phase AC motor                |  |
| • at 200/208 V rated value  | 3 hp                                     |
| • at 220/230 V rated value  | 3 hp                                     |
| • at 460/480 V rated value  | 10 hp                                    |
| • at 575/600 V rated value  | 10 hp                                    |
| Contactor   |  |
| size of contactor   | NEMA controller size 1                   |
| number of NO contacts for main contacts                                 | 3  |
| operating voltage for main current circuit at AC at 60 Hz maximum       | 600 V                                    |
| operational current at AC at 600 V rated value                          | 27 A                                     |
| mechanical service life (operating cycles) of the main contacts typical | 10000000                                 |
| Auxiliary contact   |  |
| number of NC contacts at contactor for auxiliary contacts               | 0  |
| number of NO contacts at contactor for auxiliary contacts               | 1  |
| number of total auxiliary contacts maximum                              | 8  |
| contact rating of auxiliary contacts of contactor according to UL       | 10A@600VAC (A600), 5A@600VDC (P600)      |
| Coil  |  |
| type of voltage of the control supply voltage                           | AC                                       |
| control supply voltage  |  |
| • at AC at 60 Hz rated value  | 220 480 V                                |
| holding power at AC minimum   | 8.6 W                                    |
| apparent pick-up power of magnet coil at AC                             | 218 VA                                   |
| apparent holding power of magnet coil at AC                             | 25 VA                                    |

| operating range factor control supply voltage rated value of  | 0.85 1.1  |
|---|---|
| magnet coil   | EO 0/   |
| percental drop-out voltage of magnet coil related to the input voltage  | 50 %  |
| ON-delay time   | 19 29 ms  |
| OFF-delay time  | 10 24 ms  |
| Overload relay  |   |
| product function  |   |
| overload protection   | Yes   |
| phase failure detection   | Yes   |
| asymmetry detection   | Yes   |
| ground fault detection  | Yes   |
| • test function   | Yes   |
| external reset  | No  |
| reset function  | Manual, automatic and remote  |
| trip class  | CLASS 5 / 10 / 20 (factory set) / 30  |
| adjustable current response value current of the current-<br>dependent overload release   | 5.5 22 A  |
| tripping time at phase-loss maximum   | 3 s   |
| relative repeat accuracy  | 1 %   |
| product feature protective coating on printed-circuit board   | Yes   |
| number of NC contacts of auxiliary contacts of overload relay   | 1   |
| number of NO contacts of auxiliary contacts of overload relay   | 1   |
| operational current of auxiliary contacts of overload relay   |   |
| • at AC at 600 V  | 5 A   |
| • at DC at 250 V  | 1 A   |
| contact rating of auxiliary contacts of overload relay according to UL  | 5A@600VAC (B600), 1A@250VDC (R300)  |
| insulation voltage (Ui)   |   |
| <ul> <li>with single-phase operation at AC rated value</li> </ul>   | 600 V   |
| with multi-phase operation at AC rated value  | 300 V   |
| Enclosure   |   |
