

Precision screwdriver set (6 pieces)

Product ID: 424

Description

Break seals! Void warranties! With this handy screwdriver set at your hands, all hardware you touch will open up and reveal their secret innards.

This set contains 6 screwdrivers, 3 Phillips (#1, #0 and #00) and 3 flat (2.4mm,

1.8mm and 1.4mm). These sizes will open up pretty much any consumer electronics you come across. We picked this set to carry because it is better quality than most low cost sets. Instead of thin metal rods, these have contoured plastic handles with grippy sections to give you good control. The ends have a rounded plastic 'bead' (instead of a pointy metal hexagon) that will let you press down with your palm for better torque. They come in a handy carrying case.
