

# High Resolution SVGA/VGA Monitor Easy Pull Cable with Audio and RGB Coaxial (HD15 M/M), 100 ft. (30.5 m)

MODEL NUMBER: P504-100-EZ

## Description

This SVGA/VGA Easy Pull Monitor Cable with Connectors and built-in 3.5 mm audio makes running long video cables a snap. The pull-apart design allows the cable to be run through conduit or other tight areas that a HD15 connector wouldn't fit through. Diameter of the circular DIN end is only 7/8-inch. Circular Easy Pull connector is threaded to ensure maximum security once the cable is re-attached. The mini-coax (RGB) and paired video wire construction delivers superior signal quality. Double shielding (foil and braid) provides maximum EMI/RFI protection. Both high-density DB15 males and 3.5 mm stereo connectors are molded and have integral strain relief to ensure they last a long time.
