

1000ft CAT 6A Slim UTP Ethernet (28AWG) Bulk Cable Kit Black - with 100pcs clear boots / 100pcs RJ45 connectors TR4-570BSL-CBK

Our Cat6A stranded bulk cable is perfect for making custom length patch cables.

Comes with 50-Pack Cat6A/6 Connectors with load bar and 50-Pack Cat6A/6 Boots.

28AWG copper slim Ethernet cables are rated for both PoE / 30 watt and PoE+ / 60-watt applications with a bundle restriction of up to 12 cables

100% bare copper stranded wires are compliant with EIA/TIA standards by UL and ETL.

Our Cat6A Ethernet patch cables exceed the ANSI/TIA-568.2-D standard.

Our Cat6A Slim performs at high-data transfer rates, and works with ATM, gigabit speed products and PoE (Power over Ethernet) devices.

Our Cat6A cables are certified to handle 10 Gigabit Ethernet.

Our Cat6A slim is 60% thinner than standard (24AWG) Cat6A cables.

All components RoHS compliant.

Outer Diameter: 3.7mm.

without us, you are just not connected! ■
