

## Safe, Secure & Ready to Store

### Highlights:

- Transfer files with Higher Speed
- Read & Write Speed upto 120MB/s & 65MB/s
- USB Interface Type A
- Backward compatible with USB 2.0
- Light Weight & Sleek Design
- Laser engraved Branding
- Metal Texture (Housing)
- Shock Resistance & Drop Protection
- Made in India

Its small, swift way to save and transfer your digital content from computer to computer or take it on-the-go. Simply store your high resolution pictures, music and other files on to compact Sahasra USB 3.0 flash drive and start sharing with your family and friends.

Sahasra USB 3.0 Flash Drive combines higher data speeds and generous capacity in a compact, sleek designed metal finish package. Spend less time waiting and transfer files to the drive with much faster speed than USB 2.0 Standards Drives. With storage capacities up to 512GB, the drive can accommodate your bulk media files and documents.

### Heavy-capacity drive accommodates large files

Offered in capacities up to 512GB Sahasra USB 3.0 Flash Drive can hold all your favorite media and important documents, including high-resolution photos, MP3s, movies, presentations, and graphic files.

### Sleek, Pocket Friendly design

With its sleek silver grey design, Sahasra USB 3.0 Flash Drive is as small and compact as it is practical. This compact and portable drive can easily travel with you in a pocket or handbag anywhere.

### Move files quickly with faster transfer speeds

With transfer speeds of up to 120MB/s Sahasra USB 3.0 Flash Drive reduces the time you'll spend waiting for files to move from the flash drive to your computer. Enabled for USB 3.0, this fast drive lets you transfer and store large files with much faster speed than old version USB 2.0 drives.
