

# Wall-Mount Fiber Optic Distribution Enclosure, 4-Panel Capacity

MODEL NUMBER: **N492-WM4-BK**

Convenient, secure and fully sealed wall-mount fiber optic enclosure for managing and protecting your fiber terminations. Compatible with Tripp Lite high-density fiber adapter panels.

## Description

The N492-WM4-BK Wall-Mount Fiber Optic Distribution Enclosure manages and protects your fiber terminations where space is at a premium. It locks using the included key to keep your connections safe from tampering. The doors open wide to reveal plenty of room for splicing and patching your fiber cabling. It supports up to four fiber adapter panels, such as high-density LC (N492-08D-LC), SC (N492-06D-SC) and ST (N492-08S-ST) panels. Cable manager rings, cable ties and a labeling sticker help you keep your cables neatly organized inside the fully sealed enclosure. Made from heavy-duty cold-rolled steel, the N492-WM4-BK mounts on any solid surface.

## Features

### Fully Sealed Enclosure Manages and Protects Your Fiber Terminations
