

## 2-Post 4U Desktop Server Rack, Small Open Frame 19in Computer Rack, Compact Network Rack for AV / Studio / Data / IT Equipment - Free Standing Two-Post Home/Office Rack

**Product ID:** RK4OD

This open frame desktop rack provides 4U of storage space for mounting smaller A/V and IT equipment.

With this 2 post data rack, you can mount equipment at a fraction of the cost of conventional racks. The floor standing rack is engineered to meet EIA-310 rack-mount standards and is constructed of solid steel, ensuring a sturdy and safe mounting solution for your mission-critical equipment.

The 4U desktop rack features an open frame, free standing design that saves space with a small footprint. It gives you the ability to place rack-mount equipment on any surface in your office, such as your desk. This makes it easy to access your equipment on a frequent basis.

The free standing network rack is easy to assemble and includes a pack of 16 M5 screws and cage nuts. If you're looking for a desktop mounting solution with more rack units, StarTech.com also offers 8U and 12U 2-post desktop computer racks.

StarTech.com conducts thorough compatibility and performance testing on all our products to ensure we are meeting or exceeding industry standards and providing high-quality products to IT Professionals. Our local StarTech.com Technical Advisors have broad product expertise and work directly with our StarTech.com Engineers to provide support for our customers both pre and post-sales.

The RK4OD is backed by a StarTech.com lifetime warranty and free technical support.

### Certifications, Reports and Compatibility

## Applications

- Save space in your SoHo (small office, home office) or server room, by placing equipment on desks or other surfaces, instead of taking up floor space
- Place patch panels and other compact rack equipment neatly on or beside your desk
