

Toolless End Cap for Fiber Routing System, 240 mm (10 in.)

MODEL NUMBER: **SRFC10CAP**

Raceway end cap closes off the open end of a horizontal or vertical section of your data center's or network closet's fiber management system.

Features

High-Impact PVC End Cap Helps You Create Custom Fiber Cable Routing SchemesThe SmartRack® SRFC10CAP closes off an open end of a horizontal or vertical channel section in your fiber routing system. Made from durable, lightweight PVC material, this end cap connects using the included hardware. Screws and nuts tighten by hand with no tools required to help keep your fiber optic cables organized and complete a professional, finished look in your data center, network closet or industrial space.

Highlights

- Allows you flexibility in creating your custom fiber optic cable routing system
- Constructed from durable but lightweight PVC plastic
- Easy to install with your fiber routing system with no tools needed

Applications

- Create a fiber routing system along the wall or ceiling of your data center or network closet or across the tops of the rack enclosures

System Requirements

- Works with SRFC5STR48 and SRFC5STR72

Package Includes

- End cap, 240 mm
- (4) T-shaped screws
- (4) Twist nuts
- Installation guide
