

# SmartRack Rack Enclosure Single-Width Vertical Equipment Management Bars, 42U, 1 Pair

MODEL NUMBER: SRVRTBARSGL

Provides additional rack mounting for vertical cable management and 0U PDU models in your data center, wiring closet or telecom application.

## Features

### Increases the Cable Management Capability of Your 42U Rack Cabinet

These single-width rack accessories install in your enclosure using the included hardware to help you reorganize and improve the management of network and power cables. Keyhole slots provide toolless mounting for 0U PDUs, cables and other accessory items that need to be vertically installed in your rack. Two single-width vertical cable management bars with a classic black finish to match your rack are included. They are compatible with all SmartRack 42U floor-standing racks, including wide, deep and expandable models.

## Highlights

- Features keyhole slots for toolless installation of devices and accessories
- Single width ideal for mounting PDUs and cables in tight spaces
- Classic black finish seamlessly matches most currently installed racks
- Compatible with SmartRack® 42U floor-standing rack enclosures

## System Requirements

SmartRack 42U floor-standing rack enclosure

## Package Includes

- (2) Single-width vertical cable management bars
- Rack-mounting hardware
