

Pallet Beams PCE-PTS 1N

PCE-PTS 1N Pallet Beams

Heavy-duty handtruck scale with 2000 kg / 4409 lbs / 2.2 Ton weighing capacity

PCE-PTS 1N are heavy-duty pallet beams, pallet truck, pallet jack, warehouse, dock or floor scale used to weigh industrial shipments up to 2000 kg / 4409 lbs / 2.2 Tons. Save precious time by weighing your pallets of merchandise right on the pallet jack. Eliminate the use of a forklift to carry pallets of items to a separate scale for weighing. Weigh your goods right at the dock during loading or unloading.

- ▶ Weighing capacity: 2000 kg / 4409 lbs / 2.2 Tons
- ▶ Units of measure: kg or lb
- ▶ Readability: Selectable, 0.0
- ▶ High accuracy
- ▶ Tare function
- ▶ Automatic power off to conserve battery
- ▶ Large, easy-to-read, backlit display that is splash proof
- ▶ Lacquered steel construction with robust Vulkolan wheels for use on uneven ground

Specifications

Weighing capacity	2000 kg / 4409 lbs / 2.2 Tons
Units of measure	kg or lbs
Readability	Selectable, 0.0
Reproducibility	2 kg / 4.41 lbs
Tare	100 %
Settling time	< 10 sec.
Display	5-digit LCD, digit height 25 mm / 0.98 in
Calibration	External
Operating conditions	-10 ... +40 °C / +14 ... +104 °F < 85 % relative humidity (rh)
Power supply	Rechargeable battery (charger included)
Dimensions	See images for diagram
Weight	120 kg / 264.6 lbs
