

# 11mm Magnetic Connector, 4mm Sheathed Jack, Right-Angle

## CT4521

### Features:

- IEC 61010-031 Safety rated
- Magnetic connector to 4 mm sheathed jack
- Reinforced insulation
- Higher category working voltage
- 11 mm Diameter magnetic connector
- CE Mark
- RoHS 2 Compliant

### Description:

Cal Test's new CT4521 adaptor features a magnetic connector to a 4 mm jack. Primarily designed for application on circuit breakers, terminal blocks, and photovoltaic panels, this adaptor incorporates a magnetic tip that provides a quick hands-free connection to ferrous conductors. Made with reinforced insulation, its category rating ensures a safe connection in environments where circuit breakers and photovoltaic panels are commonly located. The CT4521 is a great choice when an easy, reliable, and safe connection is desired.

Available in different colors. See Order Information on page 2.

### Specifications:

- Voltage Rating: 1500 VDC CAT III / 1000 V CAT IV
- Max Current: 4 A
- Insulation: Polypropylene (PP)
- Magnet: N35
- Contact: Brass, Nickel Plated
- Working Temperature: -20°C to +80°C
