

AI-000441
(Paint Grounding Cable)

- The AI-000441 was specifically designed as an industrial grounding cable for painting plastic components. It has aggressive jaws on each BU-27 clip which bite into both the target and the fixture for a consistent ground.
- Constructed with a 15" (38cm) length of 3/64" (1.2mm) 304 stainless-steel wire rope with other lengths available upon request.
- Jaws open to maximum of 0.63" (16mm).
- Materials: Clip Zinc-plated steel
 Wire 304 stainless-steel
- RoHS 3 compliant
