

Stainless Steel Compression Fittings - Metric (M Series) Thread - M16 x 6mm

XE-5068-001

Labfacility are the UK's leading manufacturer of Temperature Sensors, Thermocouple Connectors and associated Temperature Instrumentation and stockists of Thermocouple Cables. The Company has been trading since 1971 and is ISO 9001 accredited.

To suit a wide range of mineral insulated and other probe type sensors offered by Labfacility.

Stainless steel compression fittings with Metric (M Series) threads are extensively used for connecting pipes and tubes in various industrial applications.

These fittings feature metric threads, standardized to ensure compatibility with metric piping systems.

Made from stainless steel, they offer superior corrosion resistance, durability, and strength, making them suitable for harsh environments such as chemical processing, pharmaceuticals, and food and beverage industries.

Specifications

General Description	Thermocouple installation fittings with Metric Thread
Material	Male in-line stainless steel compression type with nut & olive
Thread	M16 (1.5mm pitch)
Probe Diameter	To Suit 6.0mm
