

1) Hose fitting

Basic features

Basic standard	IEC 60947-5-2
Principle of operation	Optical sensor head
Reference base unit	BAE SA-OH-029-...
Series	T64

Electrical connection

Cable diameter D	1.80 mm
Cable length L	0.2 m
Connection	Cable with connector, M8x1-Male, 0.20 m, PUR

Environmental conditions

Ambient temperature	-10...60 °C
IP rating	IP65

Interface

Switching output	for switching amplifier
------------------	-------------------------

Material

Housing material	Aluminum, anodized, black
Material jacket	PUR
Material sensing surface	Epoxy

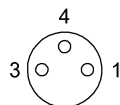

Mechanical data

Dimension	34 x 10 x 10 mm
Fork opening	for tube Ø 6.4 mm

Optical features

LED group per IEC 62471	Exempt Group
Light type	Infrared for water detection
Principle of optical operation	Fork sensor
Wave length	1480 nm

Connector Drawings

Opto Symbols
