Features

Regulated Converter

- 85 to 305VAC input voltage range
- 4kVAC isolation strength
- Operating temperature: -40°C to +90°C
- Full load output power up to 80°C
- Low profile of 15.4mm
- Standby mode optimized for Ecodesigns
- EMC compliance EN55032 class “B”

RECOM
AC/DC Converter

RAC02E-K/277

2 Watt
1.35” x 0.88”
Single Output

3 YEAR warranty

Description

The cost-efficient RAC02E-K/277 AC/DC converter series has an input range of nominal 100VAC to an enhanced 277VAC, delivering an uncompromising 2 watts of output power with tightly regulated outputs from 3.3V to 24VDC. These low profile, encapsulated print-mountable modules in an industry-standard pinout deliver full output power from -40°C to +80°C and are certified for operation up to +90°C air ambient with output power reduced to 1.2W. This series of AC/DC modules holds international safety certifications for industrial, domestic, ITE, use with 4kVAC input to output isolation, they are suitable for worldwide applications in automation control, industry 4.0, IoT. Due to their LPS (Limited Power Source) and reinforced class II installation rating for floating outputs and their significantly wide margin to class B EMC compliance without external components, these are the easiest to use, versatile power modules in the industry.

Selection Guide

Part Number	Input Voltage Range [VAC]	nom. Output Voltage [VDC]	Output Current [mA]	Efficiency typ. (1) [%]
RAC02E-3.3SK/277	85-305	3.3	600	68
RAC02E-05SK/277	85-305	5	400	72
RAC02E-12SK/277	85-305	12	167	73
RAC02E-15SK/277	85-305	15	133	75
RAC02E-24SK/277	85-305	24	83	78

Notes:

Note1: Efficiency is tested at nominal input and full load at +25°C ambient
