

USB 3.0 19/20-Pin Male to Female Extension Adapter UP Angle (2-Pack) G08-319UP-2

- Support two-way data transmission at the same time and lossless transmission.
- Small size and light weight, Strong and durable, long service life.
- Suitable for changing the direction of USB 3.0 19/20-Pin cables.
- By allowing the USB 3.0 19/20-Pin cable to be installed at a 90 degree angle, builders no longer need to wrap or fold the cable up and back over the motherboard and reduce the amount of cables needed in front of the motherboard tray.
- Suitable for desktop motherboard.

Wide Compatibility: USB 3.0 19-Pin Motherboard Internal Header is standard USB 3.0 20-Pin connector, so it will work with all of USB 3.0 19/20-Pin ports on the motherboard such as Gigabyte.

High Performance: Super-speed up to 5Gbps 10× faster than USB 2.0 Version.

Type: 90 Degree Motherboard 19/20-Pin male to female connector.

High quality: Made of high-quality ABS material and electronic components.
Easy to install: Plug & play.

without us, you are just not connected! ■
