

2.92mm Female to SMA Male Cable Using PE-SR402FLJ Coax

RF Cable Assemblies Technical Data Sheet

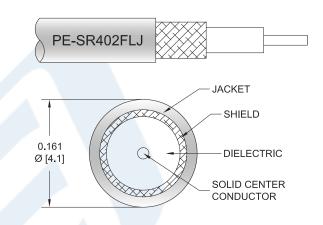

PE3W10476

Configuration

Connector 1: 2.92mm FemaleConnector 2: SMA MaleCable Type: PE-SR402FLJ

Features

- Shielding Effectivity > 100 dB
- 70% Phase Velocity
- · FEP Jacket

Applications

· General Purpose

Laboratory Use

Description

Pasternack's PE3W10476 2.92mm female to SMA male cable using PE-SR402FLJ coax is part of our full line of RF components available for same-day shipping. Pasternack's formable RF cable assemblies provide an alternative to costly pre-formed semi-rigid assemblies since they are hand formable. This Pasternack 2.92mm to SMA cable assembly has a female to male gender configuration with 50 ohm formable PE-SR402FLJ coax.

Custom versions of most RF cable assemblies can be built and shipped same day. Custom cable assembly lengths can be obtained by specifying the desired length on the web site at time of order or by contacting a sales representative. Other available RF cable assembly value added services include connector orientation or clocking, heat shrink booting and custom labeling. RF testing can also be performed to document the electrical performance of your cable assembly.
