

## SMA Female Non-Shorting Dust Cap

### Shorts and Caps Technical Data Sheet

PE6120

#### Features

- Protects against dust and contaminants
- Protects against physical damage
- Nickel Plated Body

#### Applications

- General Purpose Laboratory Use
- Test and Measurement

#### Description

Pasternack's PE6120 connector dust cap has an SMA interface and a female gender. Our SMA female dust cap is a non-shorting design with a nickel plated body to ensure durability. The Pasternack non-shorting SMA connector cap is part of over 40,000 RF, microwave and millimeter wave products that ship the same day.

RF connector dust caps are essential for precision connectors, protecting them from dust, corrosion and potential damage especially to test and measurement equipment. Specific RF connector cap models come with a chain to prevent loss or misplacement. Internal short connector cap versions are available to protect equipment from a spike in current caused by electrostatic discharge (ESD).

#### Mechanical Specifications

##### Configuration

Connector

SMA Female Non-Shorting

Hex Size

1/4 inch

Description	Material	Plating
Body	Brass	Nickel

##### Size

Length

0.53 in [13.46 mm]

Width

0.25 in [6.35 mm]

Weight

0.006 lbs [2.72 g]
