

Hermetically Sealed TNC Female to TNC Female Bulkhead Mount Adapter, operating to 11 GHz

RF Adapters Technical Data Sheet

PE91430

Configuration

- TNC Female Connector 1
- TNC Female Connector 2
- 50 Ohm

Features

- Max VSWR of 1.35:1 up to 12 GHz
- Hermetically Sealed
- TNC interface compliant with MIL-STD-348

Applications

General Purpose Test

Straight Body Geometry

Bulkhead Mount Method

- Contact plating according to MIL-G-45204
- Gold Plated Beryllium Copper Contact

Vacuum Test Environment

Rack Mounted Equipment

Description

Pasternack's PE91430 hermetically sealed TNC female to TNC female bulkhead adapter is part of our full line of RF components available for same-day shipping. Our TNC to TNC adapter has a female to female gender configuration. PE91430 TNC female to TNC female adapter operates to 12 GHz. The Pasternack RF adapter provides good VSWR of 1.35:1 maximum. This RF TNC to TNC bulkhead adapter allows designers to create external connections on their product enclosures, and can be used in a variety of other rack mount and panel mount applications. This hermetic TNC to TNC adapter prevents the leakage of gases, making it suitable for high pressure or vacuum applications or whenever an airtight seal is required.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/ disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Pasternack also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

Electrical Specifications

Description	Minimum	Typical	Maximum	Units
Frequency Range	DC		12	GHz
VSWR			1.35:1	
Operating Voltage (AC)			500	Vrms

Electrical Specification Notes: Values at 25°C, sea level.

Mechanical Specifications

Size Length Weight

1.4 in [35.56 mm] 0.0516 lbs [23.41 g]
