

UHF Female to BNC Female Adapter

RF Adapters Technical Data Sheet

PE9421

Configuration

- UHF Female Connector 1
- BNC Female Connector 2
- 50 Ohms
- Straight Body Geometry

Features

- Gold Plated Brass Contact

Applications

- Allows Connection Between Series
- General Purpose Test

Description

Pasternack's PE9421 UHF female to BNC female adapter is part of our full line of RF components available for same-day shipping. Our UHF to BNC adapter has a female to female gender configuration.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Pasternack also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

Mechanical Specifications

Size

Length	1.135 in [28.83 mm]
Width	0.67 in [17.02 mm]
Weight	0.048 lbs [21.77 g]

Description	Connector 1	Connector 2
Type	UHF Female	BNC Female
Polarity	Standard	Standard

Material Specifications

Description	Connector 1		Connector 2	
	Material	Plating	Material	Plating
Type	UHF Female		BNC Female	
Contact	Brass	Gold	Brass	Gold
Insulation	PTFE		PTFE	
Outer Conductor	Brass	Nickel	Brass	Nickel
