

SMA Female to FME Plug Adapter

RF Adapters Technical Data Sheet

PE9703

Configuration

- SMA Female Connector 1
- FME Plug Connector 2
- 50 Ohms
- Straight Body Geometry

Features

- Gold Plated Contact

Applications

- Allows Connection Between Series
- General Purpose Test

Description

Pasternack's PE9703 SMA female to FME plug adapter is part of our full line of RF components available for same-day shipping. The SMA connector mates mechanically with commercially available 3.5mm and 2.92mm (K) connectors. Our SMA to FME adapter has a female to plug gender configuration.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Pasternack also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

Mechanical Specifications

Size

Length	0.84 in [21.34 mm]
Width	0.375 in [9.53 mm]
Weight	0.013 lbs [5.9 g]

Description	Connector 1	Connector 2
Type	SMA Female	FME Plug
Polarity	Standard	Standard

Material Specifications

Description	Connector 1		Connector 2	
	Material	Plating	Material	Plating
Type	SMA Female		FME Plug	
Contact		Gold		Gold
Insulation	PTFE		PTFE	
Outer Conductor	Brass	Nickel		
Body			Brass	Nickel
