

2.92mm Female to Mini SMP Female Adapter

#### **RF Adapters Technical Data Sheet PE978**

# Configuration

- 2.92mm Female Connector 1
- Mini SMP Female Connector 2

# Features

Max VSWR of 1.3:1 up to 40 GHz

# Applications

Allows Connection Between Series

### General Purpose Test

# Description

Pasternack's PE9782 2.92mm female to Mini SMP female adapter is part of our full line of RF components available for same-day shipping. The 2.92mm connector mates mechanically with commercially available SMA and 3.5mm connectors. Our 2.92mm to Mini SMP adapter has a female to female gender configuration. PE9782 2.92mm female to Mini SMP female adapter operates to 40 GHz. The Pasternack RF adapter provides good VSWR of 1.3:1 maximum.

• 50 Ohms

Straight Body Geometry

Gold Plated Contact

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/ disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Pasternack also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.
