AMP-LATCH UNIVERSAL HEADERS

Connector System: **Wire-to-Board**  
Number of Positions: **16**  
Centerline (Pitch): **2.54 mm [.1 in]**  
PCB Mount Retention: **Without**  
PCB Mount Orientation: **Vertical**

[All AMP-LATCH UNIVERSAL HEADERS \(523\)](#)

Features

Product Type Features

|                                    |                                |
|------------------------------------|--------------------------------|
| Connector Product Type             | Connector Assembly             |
| Connector Mating Latch & Lock Type | Long                           |
| Ribbon Cable Connector Header Type | Universal Ejection Pin Headers |
| Connector System                   | Wire-to-Board                  |
| Connector & Housing Type           | Plug                           |
| Connector & Contact Terminates To  | Printed Circuit Board          |

Configuration Features

|                       |          |
|-----------------------|----------|
| Number of Positions   | 16       |
| PCB Mount Orientation | Vertical |
| Number of Rows        | 2        |

Electrical Characteristics

|                   |         |
|-------------------|---------|
| Operating Voltage | 250 VAC |
|-------------------|---------|

|                                                         |                              |
|---------------------------------------------------------|------------------------------|
| Insulation Resistance                                   | 5000 MΩ                      |
| Body Features                                           |                              |
| Primary Product Color                                   | Black                        |
| Connector Profile                                       | Standard                     |
| Contact Features                                        |                              |
| Contact Mating Area Plating Material Thickness          | .76 μm[30 μin]               |
| Mating Square Post Dimension                            | .64 mm[.025 in]              |
| PCB Contact Termination Area Plating Material Thickness | 2.54 μm[100 μin]             |
| Contact Shape & Form                                    | Square                       |
| Contact Mating Area Plating Material                    | Gold (Au)                    |
| Contact Base Material                                   | Phosphor Bronze              |
| PCB Contact Termination Area Plating Material           | Tin                          |
| Contact Type                                            | Pin                          |
| Contact Current Rating (Max)                            | 1 A                          |
| Termination Features                                    |                              |
| Termination Post & Tail Diameter                        | .64 mm[.025 in]              |
| Termination Post & Tail Length                          | 2.79 mm[.11 in]              |
| Termination Method to PCB                               | Through Hole - Solder        |
| Mechanical Attachment                                   |                              |
| Panel Mount Feature                                     | Without                      |
| Mating Alignment                                        | With                         |
| PCB Mount Alignment                                     | Without                      |
| PCB Mount Retention                                     | Without                      |
| Mating Alignment Type                                   | Center, Dual Polarizing Bar  |
| Mating Retention                                        | With                         |
| Mating Retention Type                                   | Ejection Latch               |
| Connector Mounting Type                                 | Board Mount                  |
| Housing Features                                        |                              |
| Housing Material                                        | Glass-Filled Nylon/Polyester |
| Centerline (Pitch)                                      | 2.54 mm[.1 in]               |
| Dimensions                                              |                              |
| Shrouded End Dimension                                  | 3.81 mm[.15 in]              |

|                             |                   |
|-----------------------------|-------------------|
| PCB Thickness (Recommended) | 1.57 mm[.062 in]  |
| Connector Height            | 13.94 mm[.548 in] |
| Connector Length            | 39.62 mm[1.56 in] |
| Row-to-Row Spacing          | 2.54 mm[.1 in]    |

Usage Conditions

|                             |                            |
|-----------------------------|----------------------------|
| Housing Temperature Rating  | Standard                   |
| Operating Temperature Range | -65 – 105 °C[-85 – 221 °F] |

Operation/Application

|                     |        |
|---------------------|--------|
| Circuit Application | Signal |
|---------------------|--------|

Industry Standards

|                        |          |
|------------------------|----------|
| UL Flammability Rating | UL 94V-0 |
|------------------------|----------|

Packaging Features

|                    |      |
|--------------------|------|
| Packaging Quantity | 18   |
| Packaging Method   | Tray |

Product Compliance Disclaimer

This information is provided based on reasonable inquiry of our suppliers and represents our current actual knowledge based on the information they provided. This information is subject to change. The part numbers that TE has identified as EU RoHS compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, mercury, PBB, PBDE, DBP, BBP, DEHP, DIBP, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2011/65/EU (RoHS2). Finished electrical and electronic equipment products will be CE marked as required by Directive 2011/65/EU. Components may not be CE marked. Additionally, the part numbers that TE has identified as EU ELV compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, and mercury, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2000/53/EC (ELV). Regarding the REACH Regulation, the information TE provides

on SVHC in articles for this part number is based on the latest European Chemicals Agency (ECHA) ‘Guidance on requirements for substances in articles’ posted at this URL: <https://echa.europa.eu/guidance-documents/guidance-on-reach>
